Project Overview

KAAN DONE will design and develop a professional branded e-commerce website for Kalastra. The website will be fully customized according to Kalastra's brand identity and business requirements.

The project includes a premium user interface, customer-focused shopping experience, business analytics dashboard, payment integration, coupon system, and loyalty rewards functionality.

Included Services & Features

1. Professional Business Dashboard

A highly detailed admin dashboard will be developed for Kalastra to monitor:

- Business sales analytics
- Product performance analytics

- Customer activity tracking
 - Revenue overview
 - Order tracking
 - Performance monitoring
 - Business insights overview
-

2. Main Hero Landing Page

Development of a premium main landing page including:

- Brand-focused hero section
 - Modern responsive UI/UX
 - Business overview presentation
 - Featured products showcase
 - Brand engagement sections
 - Business backlinks integration
 - Promotional sections
-

3. Category-Based Product Pages

Separate professional pages will be developed for:

- Men's Collection
- Women's Collection
- Kids Collection

Each category page will include:

- Product showcase layouts
 - Advanced product filtering system
 - Product sorting functionality
 - Responsive mobile-friendly design
 - Optimized browsing experience
-

4. Advanced Product Filters

Detailed filtering functionality including:

- Category-based filters
- Price filters
- Product type filters
- Search functionality
- Sorting options

- User-friendly navigation
-

5. Coupon Code System

Implementation of coupon functionality where customers can:

- Apply discount coupon codes
 - Receive promotional discounts
 - Use special offer campaigns
 - Redeem available offers during checkout
-

6. Razorpay Payment Gateway Integration

Full Razorpay payment integration including:

- UPI Payments
 - Google Pay
 - Debit/Credit Card Payments
 - Net Banking
 - Wallet Payments
 - Secure payment processing
-

7. Cash on Delivery (COD)

Cash on Delivery option will be implemented so customers can choose between:

- Online payment methods
 - Cash on Delivery
-

8. Kalastra Coins Loyalty System

A loyalty reward system called “Kalastra Coins” will be implemented.

Customers will be able to:

- Earn Kalastra Coins on purchases
 - Collect reward points
 - Redeem coins for future discounts
 - Increase customer retention and engagement
-

9. Brand-Themed Website Design

The entire website theme and UI design will be customized according to the Kalastra brand identity.

This includes:

- Brand color palette
 - Typography styling
 - Modern e-commerce layouts
 - Mobile responsiveness
 - Brand-oriented visual experience
-

Product Listing Terms

Included in Package

KAAN DONE will list the first 10 products of every category.

This includes:

- Product uploads
 - Product titles
 - Product pricing
 - Product images
 - Product category organization
-

Additional Product Listings

Any product listings beyond the first 10 products per category will be chargeable separately.

Additional listing charges will depend on:

- Number of products
 - Product data complexity
 - Upload requirements
-
